CELEBRATING

75 YEARS

1939 - 2014

FUTURE PERFECT

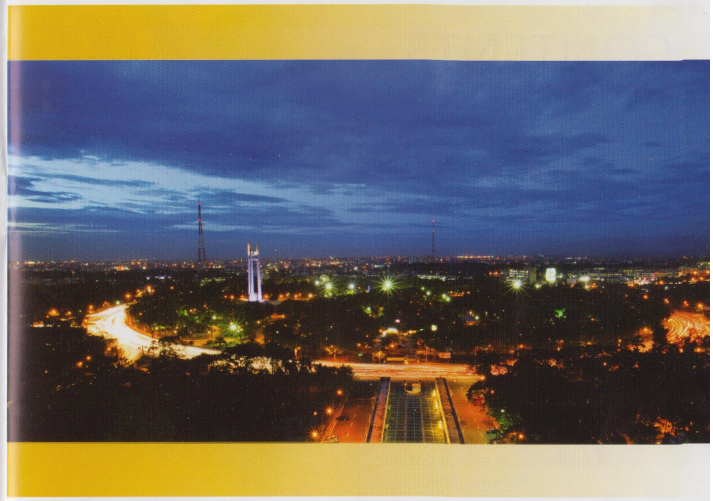
THE DIAMOND JUBILEE COMMISSION

The Year 2014 is the Diamond Jubilee Year of Quezon City and preparations for its celebration are being initiated.

The City has much to celebrate in terms of the transformation of the former Capital and Premiere City of the Philippines, into a vibrant and progressive urban metropolis and in terms of its significant achievements in governance and administration.

The geo-political and historical preponderance of Quezon City, as the venue for national, political and administrative institutions and other high-level offices and enterprises highlights the value of the Diamond Jubilee, and thus calls for the participation of the government, its agencies and our private sector stakeholders, which is essential in the planning, programming and execution of celebratory events.

Hence, with two years of preparatory work for the Diamond Jubilee Celebration, and in consideration of the wide range of activities, the committed participation of all levels of the Quezon City Government and the broadest cooperation of the people of Quezon City, the Diamond Jubilee Commission was created with Quezon City Mayor Herbert M Bautista as Chairperson, Vice Mayor Josefina G Belmonte as Co-Chairperson, and Secretary to the Mayor Tadeo M Palma as Executive Director of the Diamond Jubilee Executive Committee.



Created in October 12, 1939, Quezon City is a thriving metropolis with multifaceted attractions - an entertainment capital, an excellent shopping destination, a locus of government operations, an information technology hub, a health and wellness center and a city of education and training centers.

It offers the dynamic foundations for profitable enterprise buildup, and a good place to live and grow.

On its 75th year of founding, Quezon City celebrates its Diamond Jubilee with a series of events that look back on the city's rich heritage, paying tribute to monumental figures and events that serve as pillars to its founding and rise.

Join us in celebrating 75 glorious years of growth and history.
