The Immaculate Conception is one of the most celebrated feasts of the Filipino Christian community.

My warmest congratulations to the officers and members of the Motionganon-Manila Association (MOMAS) on the occasion of your annual reunion and fiesta celebration in honor of your hometown patron saint, the Immaculate Conception of the Virgin Mary, whose feast day is one of the most celebrated festivities of the Filipino Christian community.

Nothing can be more timely and appropriate for us, as members of the Christian community, than to strengthen our ties with the Blessed Virgin Mary for the greater glory of God.

As Quezon City Mayor, I commend the officers and members of MOMAS for your concerted efforts in encouraging parishioners to uphold Christian values and forge greater devotion to the Virgin Mary.

May the good Lord grant you more blessings in life.

ISMAEL A. MATHAY JR.
Quezon City Mayor

HISTORY OF MOMAS

Aware of his roots and moved by his affection and attachment to townmates and hometown, **Mr. Romulo P. Conge**, founded - in collaboration with husband & wife, **Jesus & Candida Bermejo** (nee Dasig), together with some Manila old-timer residents from Motiong - a new Association in the summer of 1968 which was to be known as Motionganon-Manila Association (MOMAS). Conge, an active participant to the tumultuous student rallies and activism in Manila streets and a campus leader at Manuel L. Quezon University in Quiapo, emerged from the ranks of hitherto unknown Motionganons to personally and painstakingly draft a constitution with by-laws that was overwhelmingly approved and adopted by the members to replace a moribund Motionganon Residents Association in Manila (MORAM). Under Romy Conge's leadership as MOMAS' first elected President, the success and/or failures of the Association during his 5-year term is now part of MOMAS' colorful history.

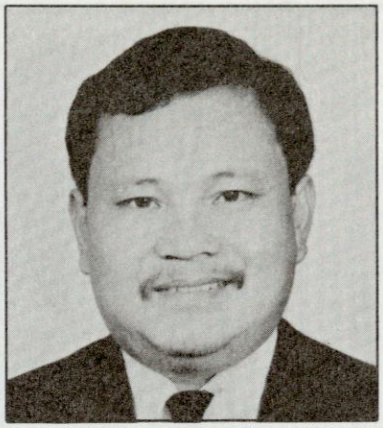
The infant Association's leadership was ably succeeded by an equally enthusiastic and dynamic President, an ex-seminarian and later a 5-star hotel Junior Executive, **Mr. Eusebio C. Mendiola**. One of Mr. Mendiola's significant and popular achievements was his introduction of renewed awareness for spiritual and moral commitments as well as a service-oriented consciousness among members which led to the adoption of programs geared toward this end.

Next came **Mr. Maximo B. Conge, Jr.** a former Motiong Mayor's son who was unanimously chosen as MOMAS President in 1980. He succeeded in raising funds to fulfill an earlier promise to put up a project in the hometown. Jun Conge exhibited his administrative acumen when he successfully convinced the cross section of the Association's membership to refrain from a passive attitude to active participation in all activities of MOMAS which resulted in new vigor of the Association. He left a legacy of "Zone System" of representation in the Association's regular meetings.

In an unprecedented fashion, **Mr. Raul C. Mendiola**, a Manila Public School teacher, was overwhelmingly elected as new MOMAS President in 1983. This was due mainly to his sympathetic support to the advancement of the Associations well as loyal concern for its objectives that he has shown, which generated strong support and popular endorsement from the Association's stalwarts. His intensity, businesslike and serious approach to management, has brought much needed cooperation among officers and members on any given task of the Association. As foretold, events had shaped-up that Mr. Mendiola's term was one of the most successful administration in the Association.

Youthful energy and strength of character buoyed by self-discipline were the qualities that convinced and inspired the MOMAS Officers and Members to elect **Mr. Nicasio U. Bermejo** to the top post of the Association. His training as a labor leader at Gillette Philippines, Inc. and as being a Mechanical Engineer are added assets which augurs well to his conscionable rules on administrative reforms he has introduces to the Association during the years between 1986 and 1993. Notwithstanding the year 1987 M/V Doña Paz tragedy which claim his mother's life along with several thousands of the ship's passengers, the incident did not deter Nick's resolve to pursue his duties and normal function as head of the Association which is a hallmark of his strength in character. This personal quality no doubt, has redound to the present stability of MOMAS.

The country's taste at a first woman-President in the person of Ms. Corazon C. Aquino seems to have an infectious effect on MOMAS as the association resolved to elect **Ms. Lorna Fabrigaras-Garalza-Carbonell** as new President on the summer of 1993, thru a popular mandate from both its ordinary members and higher hierarchy of the MOMAS. The incumbent President is a tested leader and organizer in her own right whose administrative skills was honed and enriched in her involvement in sports activities under the local government of Quezon City.



There is no better deed than to advocate cooperation and unity among fellow Motionganons.

I am overwhelmed with joy by the show of unity I see among our townspeople despite distance and time as exhibited by the zeal and bond of the officers and members of the Motionganon-Manila Association.

My hope is for you to continue your endeavors because there is no better deed than to advocate cooperation and unity among ourselves--an essential element towards development. Our country needs people like you--equipped with the necessary faculties to propel progress.

Let us perpetuate our desire to help one another so that we can strengthen the bond that makes us ***significant*** Motionganons whose dynamism and sense of mission are worthy of emulation by the coming generations.

Congratulations and happy celebration!

AMADO F. TAN JR.
Municipal Mayor
Motiong, Samar

Our unfailing devotion to our Patroness must be reaffirmed with renewed spiritual commitment.

Over the years since MOMAS came into existence, our association has acquired the spirit of solidarity and unity with conviction, both spiritually and morally.

As we gather to celebrate the occasion of the town fiesta of our hometown Motiong, which is also the feast of Our Lady of the Immaculate Conception, let us be reminded once again that our unfailing devotion to our Patron Saint, the Blessed Virgin, must be espoused with renewed spiritual commitment.

It is therefore my fervent wish that the productive endeavors of our Manila-based cluster of Motionganons serve as a beacon to our beloved hometown's civic, moral and spiritual aspirations, for it is in fostering unity and oneness that we can keep up with the nation's stride towards progress.

Welcome and may we have a felicitous celebration.

An Appeal

We started our appeal for help right after the subsiding drops of mourning tears had dried up on the wailing faces of surviving relatives, friends and fellow Motionganons of those unfortunate passenger-victims of the M/V Doña Paz ship tragedy sometime in the wee evening hours of December 20, 1987, off the sea between Mindoro Island and Batangas Province in Luzon.

Our appeal is directed to all benevolent persons who could spare any amount to help us erect a small but decent memorial structure that could be appropriately called a ***Mini Shrine*** in our hometown of Motiong, Samar, where the souls of the victims shall rest in lasting memory and find an eternal place for us, the living, to offer our prayers and show unending reverence.

However, due to various reasons for which we unfortunately cannot find space here to explain, the amount we have raised so far from kind-hearted contributors is far too inadequate for the purpose of completing the desired ***Mini Shrine.***

We, therefore, once more appeal for contributions from any individual -- Motionganon or non-Motionganon -- to help us make this "project of love" a reality and, as well, help appease the souls of the unfortunate victims. Your blessings for material and spiritual returns will always be included in our prayers and offerings in the ***Mini Shrine.***
