The local government of Quezon City has received its fifth consecutive Unmodified Opinion from the Commission on Audit (CoA), signaling the city's consistent commitment to transparency, accountability, and sound fiscal governance.

An Unmodified Opinion is the highest audit rating CoA can issue, which signifies that Quezon City's financial statements are presented fairly, are free from material misstatements, and fully comply with government accounting standards.

Mayor Joy Belmonte welcomed the recognition, as the 2024 Independent Auditor's Report confirmed the accuracy and completeness of the city's financial records, reflecting Quezon City's dedication to excellence in public service and financial stewardship.
