WHEREAS, Quezon City continues to promote environmental sustainability and responsible resource management through policies that reduce waste and encourage sustainable practices;

WHEREAS, the concept of a circular economy promotes the reduction, reuse, recycling, and repurposing of materials in order to minimize waste and maximize the efficient use of resources;

WHEREAS, innovation and entrepreneurship play an important role in developing creative solutions that address environmental challenges such as plastic pollution, waste management, and resource conservation;

WHEREAS, youth groups, women entrepreneurs, and micro, small, and medium enterprises (MSMEs) have demonstrated strong potential in developing innovative products and services that promote reuse, repair, upcycling, and sustainable production;

WHEREAS, a Circular Economy Innovation Challenge may serve as a platform that encourages creative environmental solutions while supporting local entrepreneurship and green enterprises.

NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF QUEZON CITY IN REGULAR SESSION ASSEMBLED, to encourage, as it does hereby encourage, the establishment of a Circular Economy Innovation Challenge in Quezon City to support youth, women, and micro, small, and medium enterprises (MSMEs) in developing sustainable and waste-reducing solutions.

RESOLVED FURTHER, that such initiative may encourage participation from youth organizations, women-led enterprises, start-ups, micro, small, and medium enterprises (MSMEs), and community groups that develop innovative projects related to reuse, repair, recycling, upcycling, and sustainable materials management.
