Bautista: Awards were earned because we are team QC

QUEZON City Mayor Herbert Bautista emphasized the importance of barangays in crafting the local development plan of the city during the special session of City Development Council in QC Experience on June 7.

"Our objective as governance advocates is to train our people to participate in local governance," said Mayor Bautista.

The mayor reminded that the council should not deviate from the Local Development Plan and the Philippine Development Plan as a whole, especially as the city transition period is in motion.

He also thanked the City Planning Development Department for organizing and convening the council.

Under the Bautista administration, QC was hailed as the most competitive city in the country for three consecutive years for its outstanding performance in economics, government efficiency, infrastructure, and resiliency.

The city was also awarded the Seal of Good Local Governance from the Department of the Interior and Local Government in 2017 and 2018.

"This is a recognition of everybody's collective effort because we worked as team Quezon City," Mayor Bautista said.
