A day after Typhoon Fabian battered Metro Manila on July 24, 2021, relief efforts to help families affected by the floods brought about by the heavy rains have started in earnest. For Councilor Hero Bautista of the Fourth District of Quezon City, his main focus was on his constituents living in Barangay Old Capitol Site. His office distributed a total of 600 relief packs containing basic food essentials such as sugar, rice, coffee, canned goods, bread and flour to the residents of the area whose homes were flooded by the rains. Following this, Bautista and his staff visited NIA road to feed 78 families by distributing arroz caldo, lugaw and goto.
