# PCCI-QC gov't tie-up to help small-scale biz

Manila Standard · 25 Feb 2025 · A4 · Rio N. Araja

THE Philippine Chamber of Commerce and Industry (PCCI) has partnered with the Quezon City government to help Nano enterprises, or the small-scale businesses owned by sole proprietors with assets below P50,000 and an annual gross income not exceeding P250,000.

At a media briefing, lawyer Arnel Mateo, PCCI-Quezon City chapter president, said the chamber is set to hold the fifth Quezon City International Business Conference on Feb. 28 at the city's M.I.C.E Center.

He said with the theme "Building Tomorrow Together: Future Proofing Business, Driving Sustainable and Fostering Equitable Economy," the event is a must for those looking to go into business.
