Mayor Mathay, Jr. brings with him a well springs of experience that spans close to four decades of dedicated public service.

Whether in the executive or the legislative branches of government, Mayor Mathay, Jr. always has the upliftment and development of our people as his motivation and inspiration. Tracing his humble beginnings from the old Commission on Audit to the Quezon City council; Mayor Mathay had the rare opportunity of serving a greater number of people as Vice-governor of the defunct Metropolitan Manila Commission. Congratulations on the occasion of your birthday, Sir. We wish you good health and more productive years as the Chief Executive of this City.

For the past years, thousands of Quezon City residents have benefited from the legal services that our Office has provided. This would not have been possible were it not for the policy of your administration to improve the delivery of basic needs to the people in Quezon City. The unqualified support you have given us, not to mention the inspiration we draw from you, has enabled us to aggressively pursue the noble objective of enabling city dwellers to have easy and inexpensive access to courts of justice and other government quasi-judicial bodies.

As we move on toward the future, it is hoped that we shall continue to receive the trust and confidence you have reposed upon us. The success we have so far gained can only be continued with the assistance you will provide.

Happy Birthday and God Bless.

Paint the town red. It's your birthday! The public you have served with great fervor and dedication celebrates with you. This is the very same public to whom you have given unlimited assistance through the Public Assistance Center which is seen by many as a valuable form of democracy in action.

Action. You have always been considered as a man of action that you have made the institution responsive to the public and to public expectations. The Public Assistance Center, therefore makes it an everyday concern to deliver its services in the same manner. Action is, indeed, the best and only way to respond to the needs of the public in the most favorable way.

C is for congratulations! For everything that you have already achieved and for those that you are yet destined to deliver. May the Good Lord continue showering you with wisdom and strength to fulfill them. Let the following words inspire you: "I am not a perfect servant. I am a public servant doing my best against the odds. As I develop and serve, be patient. God is not finished with me yet." **Jesse Jackson** (b. 1941), U.S. clergyman, civil rights leader. Speech, 16 July 1984, at the Democratic National Convention, San Francisco.

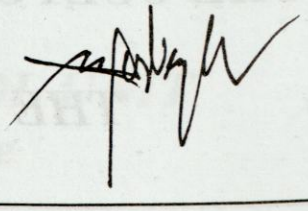
From earliest times, when the only form of communication was speech, to the present, when electronic signals carry information instantly to practically any point on Earth, communication has been the way people have organized their cooperative activities.

Still, an intermediary communicator that can also parallel the warmth and sincerity transmitted by direct inter-personal communication has yet to be invented. It is this type of communication that you do so well and for which you are greatly admired.

Over and above that, when you communicate in such a manner, you do not transmit mere words but words immediately put into action with great expediency that it may benefit those for whom they are intended.

From all of us at RADIO COMMUNICATIONS SERVICE,

A VERY HAPPY BIRTHDAY , SIR !



The staff and personnel of the TRICYCLE REGULATION UNIT extend our warmest greetings to our beloved *Mayor Ismael A. Mathay, Jr.* as we celebrate this special day on June 26, 1997.

BIRTHDAY GREETINGS from MS. MELISSA V. MACAPANPAN, SYDP Staff and Scholars...

When you were elected Mayor of our City on May 1992, we felt threatened that you will not continue the Scholarship Program anymore. But we have proven ourselves wrong.
