

QC SK Federation welcomes counterparts

SANGGUNIANG Kabataan (SK) federation presidents from different cities and municipalities visited the Quezon City Hall last July 11 after attending their three-day SK summit 2018 at the Hive Hotel in Timog Avenue.

The newly-elected youth leaders visited Quezon City's Legislative Hall, Mayor's Office, QC Emergency Operations Center and QC Experience Museum to learn more about the workings of a major local government unit such as QC.

Quezon City SK Federation President Noe Lorenzo Dela Fuente said their visit was also an opportune time to showcase Quezon City Hall's modern facilities and equip-

ment to fellow youth leaders from other parts of the country.

Meanwhile, Mayor Herbert Bautista welcomed newly-elected

QC SK officials during separate courtesy calls to the City Hall last July 9, 10 and 12.

The mayor, both a local and

national leader in his youth, urged his predecessors to plan and set doable targets that would benefit their communities.
