

QC council okays funding ISFs' relocation

THE Quezon City government has allocated P1.2 million for the informal settler families (ISFs) who will be affected by road improvement projects in two barangays.

Resolution 7386-2018 introduced by Councilor Alexis Herrera has authorized Mayor Herbert Bautista to extend financial assistance to affected families who will be relocated to the National Housing Authority (NHA) resettlement site in Morong, Rizal.

More than 200 ISFs will be displaced by the road improvement projects on Sto. Domingo Street, Pagatan Street, and Panaltural Street in Barangay Sto. Domingo and Barangay Manresa.

Under the resolution, each family will receive P5,000 as start-up money.

The QC Housing Community Development and Resettlement Department (HCDRD) has verified 244 ISFs occupying the right-of-ways of these streets.
