

QC cops to work through Yuletide

POLICEMEN in Quezon City will work through the Yuletide season to ensure the success of the “Ligtas Paskuhan” 2018 program, District Police Chief Supt. Joselito Esquivel Jr. said on Sunday.

More cops will be seen in the city’s streets and in places where most people converge, such as transportation terminals, markets, malls, business establishments, and near churches especially with the start of daily dawn Masses or “*simbang gabi*.”

“Despite strengthening security for Christmas season, our regular anti-illegal drugs and anti-criminality operations in Quezon City remain in full force,” Esquivel said. **Rio N. Araja**
