

Online QCitizen ID registration

Tempo · 8 Jan 2021 · 3 · Tiangco, Minka

The **Quezon City government** on Thursday launched the online registration for its QCitizen identification cards that can be used to access its Q City Bus, health, and other social services.

Quezon **City Administrator** Mike Alimurung said QCitizen ID is a unified ID for all residents that will replace the existing senior citizen, solo parent, and persons with disability (PWD) ID over time. Meanwhile, existing IDs will continue to be valid in the interim.

These IDs will also be used to sort out the priority list for the distribution of the coronavirus disease-2019 (COVID-19) vaccines, said Quezon City **Mayor Joy Belmonte**.
