## URBAN FARMING

---

The Manila Times · 16 Jan 2021 · A1

---

Workers start planting vegetables at the New Greenland Farm in Barangay Bagong Silangan, Quezon City on Jan. 15, 2021. 'Buhay sa Gulay' (Life in Vegetables) is a collaborative project of the Department of Agrarian Reform, Quezon City and the Department of Agriculture. It aims to establish a semi-mechanized 'vegetable garden city'.
