

QC hospital to convert chapel into an ICU

Philippine Daily Inquirer · 14 Aug 2021 · A6 · —MEG ADONIS

The **Quezon City General Hospital and Medical Center** announced on Friday it would convert its chapel into an intensive care unit (ICU) to allow the admission of patients with more severe symptoms of the new coronavirus. The chapel is located inside the hospital compound in Barangay Bahay Toro and will be utilized as a COVID-19 ICU with a 21-bed capacity.
