

QC holds mass feeding program for underserved citizens

The Manila Times · 14 Nov 2021 · A6

NOT everyone has the privilege of eating three meals, much less one meal every day. To help the less fortunate constituents of his district, Quezon City Fourth District **Councilor Hero Bautista** regularly holds a mass feeding program, giving hundreds of individuals a steaming hot bowl of arroz caldo.

The latest mass feeding activity was done in partnership with fellow **councilor Marra Suntay**. During the event held at the Old Capitol Site, visiting senior citizens were given free flu vaccine shots while children were given free immunization shots. Aside from the feeding program, Bautista also initiated the distribution of relief goods for 20 families in special concern lockdown at 92 Thomas Arguelles Street, Barangay Doña Imelda. The distribution was facilitated with the help of Kagawad Annabel Martin and Purok Leader Marcos Magat.
