QUEZON City Mayor Joy Belmonte on Tuesday vowed to implement more programs and deliver better services for "QCitizens" to welcome 2023.

"We are so lucky that we are (still) given the chance to start a new beginning from our family up to our community, to reflect what has happened in the past and to focus more on what other things we have to do in the future," Belmonte said.

"As far as the local government unit of Quezon City is concerned, we promise to attain success from our inspirations in 2022 so we could level up the quality of our leadership," she added.
