QC mayor cites QCU for accreditation feat

Manila Standard · 18 Jan 2023 · A3 · By Rio N. Araja

QUEZON City Mayor Joy Belmonte on Tuesday commended the local government-run Quezon City University for its four programs that received Level 1 Accreditation from the Association of Local Colleges and Universities Commission on Accreditation (ALCUCOA), following a rigorous accreditation process.

"We congratulate QCU for its latest achievement. This is a proof of our steadfast desire to provide QCitizens with an excellent educational program that is at par or even exceeds the standards set by private learning institutions," Belmonte said.

The four programs included Bachelor of Science in Information Technology, Bachelor of Science in Electronics Engineering, Bachelor of Science in Industrial Engineering and Bachelor of

Science in Entrepreneurship.

Dr. Theresita Atienza, QCU president, received the certificates on behalf of the university from ALCUCOA president and executive director Dr. Raymundo Arcega during the Faculty and Staff Convocation 2022.

The certification showed that QCU was in accordance with the ALCUCOA standards, following a meticulous three-day evaluation process, which was verified by the Technical Review Board Committee, approved by the board of directors and confirmed by the National Network of Quality Assurance Agencies.

The assessment tackled governance and administration, faculty, curriculum and instruction, student development and services, entrepreneurship and employability, community extension services, research, library, laboratories and physical plant/facilities.
