Quezon City Police District Director P/Brig. Gen. Redrico Maranan led the traditional New Year's courtesy call to **Mayor Joy Belmonte** last Thursday, 4 January to reiterate its commitment to serve and protect the QCitizens.

Maranan tagged his entire command group, the Chiefs of his Directorial Staffs, the 16 Station Commanders and other officials in paying Belmonte a visit.

The police chief also thanked Belmonte and other local government officials for their support to the police force in maintaining peace and order as he assured the QCPD's full support to the LGU's programs and policies.

Belmonte, for her part, said the City government will always be a partner of the QCPD in providing some logistics for the police force to carry out its duties in securing the safety of all city residents and thwarting petty and syndicated crimes.

Maranan, in turn, assured the local executives that the entire police force will do its part in protecting QCitizens from any criminal activity.
