QCPD logs 82% crime solution efficiency

Daily Tribune (Philippines) · 5 Apr 2024 · A7

Quezon City Police District (QCPD) director P/ Brig.Gen. Redrico Maranan announced that they have achieved a 82.61 percent increase in crime solution efficiency for eight focus crimes in the city, especially during the observance of the Holy Week. Maranan said that from 25 to 31 March 2024, the QCPD reported only 23 incidents, showcasing a notable decline of 31.25 percent or 15 incidents. This was lower compared from the 3 to 9 April, 2023 data where a total of 48 incidents were recorded across eight focus crimes, encompassing murder, homicide, physical injury, rape, theft, robbery, car theft and motorcycle theft.
