QUEZON City expanded its scholarship program to offer increased financial grants and more opportunities for students, Mayor Joy Belmonte said.

Under the new program, Grade 12 scholars will receive annual grants of P20,000, up from the previous P4,000.

“We want to strengthen our city programs that have a lasting impact on the lives of our youth. The expansion of the current scholarship program offers various opportunities for thousands of QCitizens who wish to study or go back to school,” Belmonte said.

“Providing more funds to our scholarship program is a necessary and sound investment for the city’s future,” she added.

The stipend for tertiary scholars will also increase, with academic, athletics and arts, and youth leader scholars receiving P25,000 annually, up from P4,000.
