My warmest greetings to Mayor Sonny Belmonte, other local officials, residents and friends of the City of Quezon as you mark your 66th Foundation Anniversary.

As the largest and most populous city in Metro Manila, Quezon City's accomplishments in building a quality community are truly unparalleled and commendable. Because of the efficiency and fiscal prudence of Mayor Belmonte, the city has been hailed as the richest local government unit in the country for three consecutive years now.

Your anniversary should inspire residents to rally behind your local leaders in pushing the development of your beloved city. I hope you will carry on with your agenda of sustaining a model community that is friendly, peaceful and progressive and where opportunities for growth and development abound.

Join me in forging unity in our society so that we can beat the odds and clear our path towards national healing and reconciliation on our way to a new and revitalized Philippines.

REPUBLIC OF THE PHILIPPINES
OFFICE OF THE VICE-PRESIDENT

Isang malugod na pagbati sa bawat mamamayan ng maunlad at masaganang **Lungsod ng Quezon** sa pagdiriwang ng inyong ika-66 na Anibersaryo ng Araw ng Pagkakatatag.

Masidhing pangarap ni Pangulong Manuel L. Quezon ang makapagtatag ng isang lungsod na magsisilbing sentro ng pamamahala at sagisag ng isang maunlad na bansa. Sa paglipas ng panahon at sa kabila ng maraming pagsubok na humadlang sa kaganapan ng naturang pangarap ay naisilang din ang isang lungsod na naaangkop at tumutugon sa mga adhikain at mithiin ni Pangulong Quezon.

Dakila ang pangalan at naging buhay nang nagtatag ng inyong lungsod at ang kadakilaan at kabayanihang ito ang siyang dapat masalamin sa paggunita at pagdiriwang na inyong isinasagawa. Patuloy na hamon sa bawat mamamayan ng Lungsod ng Quezon na maipagpatuloy ang mga kahanga-hangang simulain ni Pangulong Quezon. Kaisa ninyo ako sa pagdiriwang na ito kalakip nito ang aking paghanga at pasasalamat sa lahat ng mga namumuno sa ating lungsod sa kanilang pagpapalaganap ng kaunlaran at pagpapanatili ng kapayapaan sa ating kapaligiran. Bilang isang naninirahan sa lungsod na ito, kasabay ninyo ako sa pagpapahayag na: **"Proud ako, Taga-QC ako, Mayaman sa Kasaysayan, Maganda ang Kinabukasan."**

MABUHAY ANG BUONG LUNGSOD NG QUEZON!

MABUHAY KAYONG LAHAT!

NOLI 'KABAYAN' DE CASTRO

REPUBLIC OF THE PHILIPPINES
SENATE
PASAY CITY

My warmest greetings to all the people of Quezon City and the city government officials on the celebration of their 66th Foundation Day Anniversary.

The 66th commemoration of Quezon City's birth, with it's theme: "Proud Ako, Taga QC Ako, Mayaman sa Kasaysayan, Maganda ang Kinabukasan" is expected to be a showcase of a great city proud of its people, rich in history and determined to soar into greater heights of economic and social development.

The complexity of the current international crises poses big challenges to nation and societies. Weaving through its complexity to bring about decent quality of life, good governance, peace and progress is quite a herculean task and the exemplary performance of Quezon City and the greatness of its people have provided a well-spring of hope not only for its own people but for all our countrymen as well.

And so, I urge all the people of Quezon City to seize this once a year opportunity to show to the entire national community and to the whole world that Filipinos, especially the people of Quezon City, are a united people ready to rise up to the challenges of the ever present social, political and economic crises besetting our country.

More power and Mabuhay!

FRANKLIN M. DRILON
SENATE PRESDIENT

REPUBLIC OF THE PHILIPPINES
HOUSE OF REPRESENTATIVES
QUEZON CITY, METRO MANILA

I join the people of Quezon City in celebrating the 66th Foundation Day Anniversary of this illustrious center of the national capital metropolis on October 12, 2005.

As proclaimed in your theme, "Proud Ako, Taga QC Ako, Mayaman Sa Kasaysayan, Maganda Ang Kinabukasan," this is a day for all its residents as well as for the officials and employees of the City government to remember and be proud of the story of Quezon City's formation as a central hub of government, a suitable place to call home, and a dynamic place for business and enterprise.

I am glad that you continue to inspire other local government units with your impressive economic growth and efficient fiscal management. Having been recognized as the richest local government unit in the country in terms of assets and income for the third consecutive year is very good news, in the light of a big fiscal deficit aggravated by increasing demands of our ever growing population and a global oil crisis. I hope that more localities will emulate your example and help spread economic growth through effective local governance across the country.

I count on your support in the continuing drive of creating new wealth for the nation. The time has come to unite and erase the remnants of political divisiveness. The bigger tasks of vital economic and political reforms await us.

Mabuhay ang Quezon City!

JOSE DE VENECIA, JR.
SPEAKER

REPUBLIC OF THE PHILIPPINES
OFFICE OF THE MAYOR

The character of a city that carries an indelible imprint of the people who have spearheaded its management. Its entire metroscape is reflective of the visions, aspirations and values of each leader who has helped shape its history.

Sixty-six years after its founding on October 12, 1939, we cannot contemplate Quezon City without remembering its founding father and prime visionary, Manuel L. Quezon, and its past mayors, Tomas Morato, Ponciano Bernardo, Nicanor Roxas, Ignacio Santos-Diaz, Norberto Amoranto, Adelina Rodriguez, Brigido Simon, Jr. and Ismael Mathay, Jr. Today, we bring to mind the seeds they have planted and the legacies they have left.

As we take a brief walk back in history, drawing mental images of Quezon in 1938 on a hilltop in Diliman, determined to carve a metropolis out of nearly 16,000 square meters of raw land, we appreciate the determination, imagination and commitment that has brought Quezon City to what it is now.

The City's past makes me all the more appreciative of the precious heritage that I have been privileged to manage today. We are now building on each leader's dream, furthering their mission for a progressive and dynamic city.

More than 66 years ago, Quezon already envisioned this City as the showplace of the nation, a place that thousands will consider as the epitome of the spirit of the Filipino. When I was elected, I vowed to broaden and strengthen the footpaths to this dream.

Thus, the years of my tenure are dedicated towards intensifying Quezon City's progressive ascent as the prime area for business and residency in Metro Manila.

The fruits of our progress are intended, not only to make our founding father and past leaders proud, but to give a lasting, productive, progressive legacy that will sustain our present and future generations of constituencies in Quezon City.

FELICIANO BELMONTE, JR.
MAYOR

REPUBLIKA NG PILIPINAS

TANGGAPAN NG PANGALAWANG PUNONG LUNGSOD QUEZON

LUNGSOD QUEZON

"A capital city that, politically, shall be the seat of the national government;aesthetically, the showplace of the nation—a place that thousands of people will come and visit as the epitome of culture and spirit of the country; socially, a dignified concentration of human life, aspirations, endeavors and achievements; and economically, as a productive, self-contained community."

The vision is as powerful today as it was 66 years ago when Quezon City came into being out of the passion of the great nationalist, President Manuel Luis Quezon for a place where the common man would find his place with pride and dignity.

I find, therefore, that this cherished ideal is brought to even greater horizons as we celebrate the foundation anniversary of our beloved city.

Indeed, the occasion will definitely mirror the brilliance of our dear city, which from its humble beginnings, has metamorphosed into a powerful, strong-willed and thriving metropolis.

Since its founding, the country's premier city has become what it is today, thanks to the efforts of its leaders and its people. Only just recently, it has been cited as model of good governance, a mark of distinction which other municipalites and cities should endeavor to emulate and replicate to achieve progress and development.

It is my fervent hope that we continue the partnership which has made Quezon City a progressive and sustainable human settlement. It is also my ardent wish that we persist to aspire for greater heights for the good of our city and the nation at large.

More power to us all, best wishes and *Mabuhay Tayong Lahat!*

HERBERT M. BAUTISTA, MPA, MNSA

REPUBLIC OF THE PHILIPPINES

HOUSE OF REPRESENTATIVES

QUEZON CITY, METRO MANILA

As we commemorate the 66th founding anniversary of our beloved city, I join my fellow government officials and the rest of our contituents in rejoicing.

Today, Quezon City plays a pivotal role in the conduct of governmental, commercial and industrial activities. The progress that we are now experiencing is a manifestation of our united efforts, with the city government and all of its residents. It is the end result of a long and persistent labor throughout the years.

Despite of the political and economic problems we face at present, still, under the able leadership of Mayor Sonny Belmonte together with Vice-Mayor Herbert Bautista and in collaboration with the dynamic members of the Quezon City Council, we managed to achieve milestones in the areas of education, infrastructure, health and social services and urban poor management as well as in providing support and incentives to entrepreneurs who shares with our common goal of uplifting the city's socio-economic condition.

Quezon City's history speaks of the city. From sprawling grasslands, our beloved founder, President Manuel L. Quezon, envisioned a city that shall become the center of our nation—and we have not failed him. Since then, our city transformed into a dynamic locality responding to the challenges of urbanization and modernization, an achievement that will make every Quezon City resident say—*"Proud Ako, Taga QC Ako, Mayaman Sa kasaysayan, Maganda Ang Kinabukasan."*

With these achievements, let us all join our hands in taking steps to preserve our rich heritage and culture to pave the way for an even brighter future not only for our beloved city but also for our children. With the continuing unity, industriousness and perseverance, I am sure that Quezon City will lead the nation in the attainment of lasting peace and progress within the coming years.

Mabuhay ang Lungsod Quezon! Sama-sama nating isulong ang kaunlaran at katatagan ng ating mahal na Lungsod!

A glorious and fruitful 66th Foundation Day to the People of Quezon City.

Sa ika-animnapu't anim na pagkakatatag sa ating mahal na Quezon City, nakaranas tayo ng iba't-ibang pamamaraan ng pagpapatupad ng mga panukalang batas ayon sa pangangailangan ng mga mamamayan. Ang pagbibigay ng mga serbisyong pangkalusugan, pang seguridad at kapayapaan, sa edukasyon sa imprastrasktura, pangkabuhayan, pagbibigay ng halaga sa kaayusan ng kapaligiran, at pagkakaroon ng mga programang pangkalahatan lalong-lalo sa sektor ng kabataan at nakatatanda upang sila ay maging kapakipakinabang sa bayan at higit sa lahat sa ating bansa.

Sa kasalukuyang pamunuan ay naranasan natin ang isang pangmatagalang programa na ngayon lamang naisakatuparan. Dahil dito ang mga susunod na henerasyon ay makaasa ng isang mas maginhawa at mas matiwasay na pamumuhay.

Sa pangkalahatang namumuno ng ika-animnapu't anim na pagkakatatag ng ating siyudad,

It is indeed an honor to be part of the celebration of the 66th Foundation Day Anniversary of Quezon City with the theme: *"Proud Ako, Taga QC Ako, Mayaman sa Kasaysayan, Maganda ang Kinabukasan."* I have seen the rise to glory of this city as I spend my childhood and my lifetime in the service of our fellow denizens of Quezon City. I'm sure you will agree with me that the good and effective governance of our local executives is vital in winning the battle against poverty in this capital city. Sustained growth that leads to poverty reduction cannot proceed without good governance. It is therefore the process of consultation and people empowerment in our beloved city that provided a foundation for true reforms. And here—leadership by example is evident. We look up to our beloved Mayor, Hon. Sonny Belmonte, as well as our vibrant Vice-Mayor, Hon. Herbert Bautista as our example.

I urge each and every citizen of Quezon City and our neighboring communities to join me with esteem in looking up to our leaders for enriching this city with a very precious and excellent history and culture that our youth and the generations to come can be proud of and would always treasure.

Let us join hands in keeping the peace, prosperity and grandeur of this capital and make it the best place to live in.

My Congratulations!

Quezon City is now in the Hall of Fame as "the most business-friendly city" after winning the award for three years in a row from the Philippine Chamber of Commerce and Industry, the highest and the most prestigious business organization in the country.

This award affirms the high regard and confidence of the business community in the leadership of Mayor Feliciano R. Belmonte, Jr. This is also an endorsement of Quezon City as an attractive investment destination and a fertile area for new business opportunities.

Coupled with the fact that Quezon City consistently topped the list of local government units in terms of gross and net income, cash in bank and current assets, this Hall of Fame award clearly indicates that the management system, fiscal policies, and reforms installed by Mayor Feliciano R. Belmonte, Jr. have been very fruitful and effective.

The entire citizenry are also aware of the tremendous progress and development in their City under Mayor Belmonte. They appreciate and are glad that most of the roads in Quezon City have been concreted; and the delivery of basic services have been much improved and more efficient.

We commemmorate today the 66th founding anniversary of Quezon City, proud of our achievements and confident that Mayor Belmonte's vision to make our city a world-class ideal community will soon become a reality.

QUEZON CITY: HISTORY & GEOGRAPHY

BRIEF HISTORY

Quezon City was conceived in a dream of a man incomparable— the late President Manuel Luis Quezon. He envisioned a place where the common man will find his place with dignity. In 1938, President Quezon purchased 25 hectares from the vast Diliman Estate of the Tuason Family. The following year, the National Assembly enacted the Commonwealth Act otherwise known as the Charter of Quezon City. On October 12, 1939, President Quezon signed the Bill into law, thus the city was born. Progress in Quezon City continued until the outbreak of the World War II in 1941. Seven years later, by virtue of Republic Act No. 333 signed on July 17, 1948, Quezon City officially became the capital of the Philippines and the permanent seat of the national government. Its inauguration as capital city was marked by the laying of a cornerstone for a capitol building at Constitution Hills on October 22, 1949. Subsequently, construction of government buildings began. On June 16, 1950, the City Charter was revised by Republic Act no. 537, which extended its boundaries to its present area of 15,359 hectares. It lost its title capital city of the Philippines to Manila by virtue of Presidential Decree No. 940 on June 24, 1976.

GEOGRAPHY

Quezon City is 10 kms. north of Manila. To the city's east are San Mateo (Rizal) and Marikina City; to the west are San Juan and the City of Manila; to the North are Caloocan City and San Jose del Monte (Bulacan); and to the south are the cities of Pasig and Mandaluyong. Quezon City is five (5) times bigger than Manila and in area, it is the second to the country's biggest city—Davao City. Rolling hills spread over a large portion of Quezon City. Its lowest altitude is 25 feet above sea level, while its highest is 55 feet.

POLITICAL SUBDIVISION

The affairs of the city government are carried out by an elected Mayor as the Chief Executive and an elected Vice Mayor as head of the Legislative branch, composed of the City Councilors who are likewise voted into office by their constituents to represent their respective districts and two ex-officio members from the Liga ng mg aBarangay (smallest political unit) and the Sangguniang Kabataan Federation (youth). The city is divided into four (4) districts represented by six (6) City Councilors for each district where also four (4) Representatives (Congressmen), one from each district, are elected as members of the House of Representatives.

CLIMATE

Weather condition in Queozn City is more or less the same as those prevailing in Manila. Its higher elevation makes the temperature generally lower with relative humidity and wind velocity proportionately higher. Quezon City experiences the highest amount of rainfall from July to October, averaging 9.79 inches. The number of storms passing the city is the same as those passing Metro Manila area.

LANGUAGE

Literacy in Quezon City is relatively high. English is widely spoken, though it is Tagalog which is predominantly used.

QUEZON AND HIS DREAM

Quezon City started as a dream in the mind of Manuel L. Quezon—a dream of a "working man's paradise"—a place where laborers and employees, the helpless, homeless and poor citizens of the country, could each own a house and a lot of their own. The place was to be provided with all the facilities for comfortable, pleasant living—streets, parks, playgrounds, markets, schools, hospitals, transportation, water and lighting facilities.

The translation of this dream and vision into reality started one day in July 1938 over breakfast at the residence of Don Alejandro Roces, Sr., then publisher of the powerful Tribune-Vanguardia-Taliba (TVT) chain of newspapers and one of Quezon's closest friends. Soliciting advice from his friend as to how best translate the social justice program in Manila into a tangible reality, Roces suggested that the government buy a big tract of land not far from Manila. The land should then be subdivided into small lots to sell to the poor people at a price so low it would be within their reach. Assigned the task to look for an estate of about 1,000 hectares was Ramon, son of Don Alejandro Roces. Pending the negotiations for the purchase of the site chosen for the planned subdivision—the People's Homesite Corporation was created as a subsidary of the National Development Corporation, with Don Alejandro Roces appointed Chairman of the Board. Ramon Roces was appointed General Manager of the corporation with a

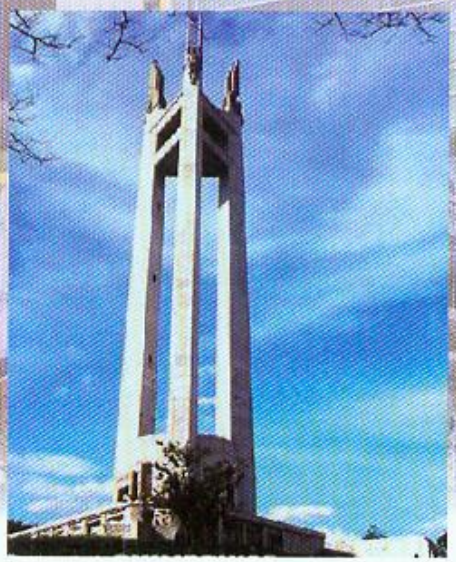

token salary of P1 a year.

As Quezon explained later, "The homesite project is designed to provide the working men and permanent employees with homes at a reasonable cost and, to serve as a model residential and community center.

In his meeting of October 10, 1938, the Board of Directors of the People's Homesite Corporation approved a resolution to purchase "a tract of land consisting of 15, 723 square meters (about 1,500 hectares of rolling hills) in the Diliman Estate from the Tuason family, at five centavos per square meter, for a grand total of P786,159.51. The following day, in a special board meeting of the National Development Company, P2 million was set aside to "finance the improvement of the site for the proposed model city in Diliman Estate, Rizal, near the site where the University of the Philippines will be located." In addition, 493 hectares were purchased as the site for the University. The transfer to Diliman of the University of the Philippines had been under study since 1937 when it was recommended by two American advisers to the Committee on Educational Policy of the University of the Philippines in view of the fact that "there is no more University atmosphere in Manila." Quezon underscored the need to transfer the site of the state university to provide adequate educational plan in an atmosphere conducive to moral and scholastic standards appropriate to the country's highest institution of learning.

The government likewise acquired 50 hectares of land in 1938 to add to the large tract of land in the New Manila Heights area for the General Service Troops of the Philippine Constabulary. This area later became Camp Crame, Camp Murphy (now Camp Aguinaldo), and Zablan Field.

Along with a 'working man's paradise,' Quezon also dreamed of a new capital city for the Philippines. In July 1939, Quezon, standing on a grassy promontory not far from the present-day Morato Avenue (then called Sampaloc Avenue) and awed by the incredibly breathtaking view (from 200 feet above sea level) exclaimed that he would build there a real Filipino metropolis—a new city... chartered to do all things necessary for the health, safety and happiness of its inhabitants." It was a spot on what is now Constitution Hills, south of the Novaliches watershed overlooking what is now La Mesa Dam. There were three plateaus in the area, each one 300 feet above sea level, all three commanding of a spectacular panorama of the surrounding scenery. On top of this, the area had a comparatively cool climate. To the east were the San Mateo Hills; to the west and northwest, Manila; and to the north, a verdant chain of hills pointing to Ipo Dam where the waterworks still. This was the beginning of Quezon City and according to Celso Carunungan, Author of A Saga of Progress, " the only metropolis in the whole word that was created out of a consuming, overpowering love for those who have less in life, but who, in the name of all that is noble and good, deserve more".

A Model of Good Governance

"I want to make it my legacy to leave to the wonderful people of this City, a beautifully transformed, premiere metropolis with a distinct character. After my term ends, I want there to be no doubt in people's minds that Quezon City will be number one in Metro Manila, in terms of developing gains. Ang sabi nga namin kung kami'y nangangampanya, "ang galing ng QC!" Ngayon, ang gusto kong sasabihin natin ng walang kaduda-duda, "pinakamagaling na ang QC!" You all deserve a No. 1 City and together, we can work to make this aspiration come true."

LOCAL HISTORY

I dream of a capital city that, politically, shall be the seat of the national government; aesthetically, the showplace of the nation – a place that thousand of people will come and visit as the epitome of culture and spirit of the country; socially, a dignified concentration of human life, aspirations, endeavors and achievements; and economically, as a productive, self-contained community.

Pres. Manuel L. Quezon

I want to make it my legacy for the wonderful people of Quezon City, to transform Quezon City into a premier metropolis that shall be a model for others to follow...

Mayor Feliciano Belmonte, Jr.
