'OPERATION BAKLAS'

Philippine Daily Inquirer · 15 Jan 2025 · A1

The Quezon City government's Department of Public Order and Safety does taxpayers some service by removing tarpaulins conveying the "greetings" of certain public officials and politicians—more like eyesores in the already blighted urban landscape and not just a violation of election campaign laws. City Hall calls on other greeters to voluntarily take down their tarps to avoid being penalized. Photos taken on Tuesday in Barangay Santo Cristo.
