Message

My prayers and felicitations to the administration faculty and students of the Veritas Kindergarten School on the occasion of your silver jubilee on August 27, 1995.

Your institution deserves our esteem and commendation for your invaluable role in the Christian education of our young. These seeds of faith once nurtured in the school and the home will truly produce mature and responsible individuals in society. I urge you therefore to be more magnanimous in this task you have been entrusted.

God bless you all!

With every best wish, I remain

*H*nas. Misioneras Dominicanas, Padres de Familia y alumnos:

Muy queridos todos:

Al celebrar los 25 años de funcionamiento del Colegio quiero llagarme a ustedes para compartir su alegría en esta fiesta familiar. Digo familiar, porque, sin duda hoy los niños involucran con su entusiasmo a sus papás, con lo que la familia entera se siente motivada, y, también, familiar porque celebramos las Bodas de Plata de un establecimiento que es prolongación de la misma familia: el Colegio, la Institución a la que Los Padres de Familia han confiado lo más preciado que tienen: sus Hijos.

Me gustaría recordar, en este momento, que ambos, familia y Colegio, comparten esta gran responsabilidad de acompañar y potenciar al máximo ese proceso de desarrollo integral de los niños, de orientar su vida por caminos de Amor, Solidaridad, y Paz. Tarea en la que se complementan y en la que el Colegio no puede cumplir sus objetivos si la familia no respalda día a día la labor educativa que en él se promueve.

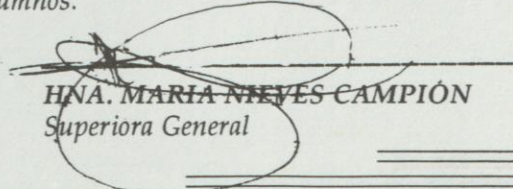

Como Misioneras Dominicanas nos sentiremos orgullosas de la labor realizada en estos 25 años si hemos contribuido a formar hombres y mujeres íntegros, si al mirar hoy a los que ayer fueron aquí alumno-niños, encontramos que llevan en sí el sello del hombre cristiano libre y comprometido con todo aquello que promueva el derecho y la dignidad humana, hombres que han sabido dejar crecer en sí la pequeña semilla que recibieron en sus años infantiles. Si los ayer niños, son hoy jóvenes, adultos, padres de familia conscientes de sus responsabilidad social en la contrucción de un mundo mejor.

Desearía que esta celebración gozosa que hoy compartimos tuviera ese sabor a encuentro de familia y que todos volviéramos a compartir el entusiasmo por ofrecer nuestros niños lo mejor que tenemos: el ejemplo de la armonía y cariño del hogar y un ambiente educativo en el que se promueven los valores cristianos y una formación académica sólida que despierte todas sus capacidades humanas, y les prepara adecuadamente para el futuro.

Que este encuentro sea una verdadera fiesta en la que agradecemos a Dios la vida del Colegio y pedimos su Bendición para cuantos se formaron en él. A mis Hermanas Dominicanas que continuen con todo su esfuerzo en la labor educativo-formativa de los niños y a ustedes Padres de Familia, que el Señor les conceda bienestar y paz, para que su hogar sea una verdadera Iglesia Doméstica, como desea nuestro actual Pontífice, lugar donde se vive en Comunión.

Con mi recuerdo y cariño para los pequeños alumnos.

*W*elcome back to your Alma Mater. Twenty five fruitful years have gone and I believed that for you who had been a part of VERITAS KINDERGARTEN, where the first seed of knowledge had been implanted in your being, nourished by your parents to be the persons that you are today, is something to cherish and to reminisce.

*E*ducation indeed is an important factor in one's success in life. So that even at an early age you were sent to school, to start molding and developing your potentials, to know and to love God as well as your fellowmen.

*Y*ou have achieved your dreams in life, you are professionals each to his or her field of endeavor. Some of you with a family of your own, continue with your good works. May you be a beacon light for your children, the future of our nation.

*T*o each and everyone I wish you success in all your undertakings, My sincerest gratitude for your continuous support to the school.

Message

I would like to greet and congratulate VERITAS KINDERGARTEN on the occasion of your 25th Anniversary. Being a Catholic Mission School run by the Dominicans, you have incessantly instilled Catholicism to your students at a very early age.

Education, to be complete, should develop the intellectual capacities and moral values of the studentry. Although most of us are primarily concerned with the former, the cultivation of moral values through religion is also an advantage for the students and society as a whole for in the process they will become better citizens.

I wish you more success. MABUHAY!

To Our Dear Sisters, Students and Alumni Members,

The Second Plenary Council of the Philippines (PCP-II) has aptly stated that, "Catholic Educational Institutions are among the most necessary and potent means of Evangelization." (PCP-II Conciliar Doc. III, Part IV, #623). As you celebrate your 25th Anniversary, may you continue with renewed Spirit to proclaim the good news through your school, Veritas.

Congratulations! And God be with you as you celebrate the 25th Anniversary of Veritas!

Greetings!

On behalf of the Parent's-Teacher's Association, it is my pleasure and great honor to congratulate all the alumni of the Veritas Kindergarten School on its 25th Anniversary celebration. Likewise, my congratulations extend to the organizers especially the Missionary Dominican Sisters of the Rosary.

May all of you have a wonderful time reminiscing the happy events during your kinder and nursery days and to catch up on what has been happening since then. May this occasion serve to consolidate the values you have learned as you progress from the once innocent to the educated persons you have become.

Welcome home dear alumni and let us thank the Lord for all His blessings!

We have the reason to rejoice and be grateful. It is our SILVER JUBILEE. For the past 25 years VERITAS had been and is still an instrument in the formation of human and Christian values at the tender age of the lives of all the children who have studied in this school. We are blest with very cooperative and supportive parents in carrying this mission. The foundation we once have laid together is now shinning with good works in the different fields in the society. Thank you so much.

May you, dear Alumni become a leaven of truth and joy wherever you are now.

To the little ones at present, you are rest assured of the same love and care that your teachers; the Sisters, have shown to your "Ates" and "Kuyas" who had finished their Pre-School at Veritas.

The Missionary Dominican Sisters of the Rosary welcome you once again. Be at home with Veritas. In the spirit of joy and gratitude, let us celebrate the goodness of the God of Life and Love. He will bless us all.

Message

I am elated and delighted to extend my warmest greetings and joyous felicitations to the Veritas Kindergarten on the occasion of its Silver Jubilee on August 27, 1995. I know that throughout the twenty-five years of its existence, Veritas Kindergarten has contributed Immeasurably in developing and molding our youngsters to become good citizens and hopes of our fatherland.

I am sure the Dominican Sisters, the Alumni, the parents, the teachers and the School Administration will carry on their noble tradition of service in the field of education and its laudable mission of serving our God, country and peoples.

My congratulations for your outstanding achievements and my prayers and best wishes for your unending progress and successes.

History of Veritas

Twenty five years ago . . . Is it true that those many years have passed already? To the "not so young" it seems that it was only yesterday when we needed very badly a house for our sisters in Manila.

And, as it happened, in those days there was not even one Kinder in New Manila, aside from the big schools quite far away from this place.

With the help of Mr. Tantoco, we came to know a very nice lady, Mrs. Maria Luisa Ysmael de Perez Rubio. She had decided to sell her house precisely in the very same area that we were looking for one.

When we met her for the first time, we were really impressed with her very elegant bearing. Afterwards, we were very thankful because she gave us her property for a low price. May the Lord bless her! Our blessings kept on coming. A brother-in-law of Mrs. Perez Rubio, Mr. Philip, who lived next door with his family, did not wait for us to approach him. He understood our financial situation and before we dared to ask for anything, he was there ready to help. What touched us most was his reaction when we did not find enough words to thank him. He always pointed to the sky and said: "The Boss upstairs will pay. Don't worry".

The house had been unoccupied for 10 years, and it needed a big cleaning, and so with the garden. But we were young and nothing seemed difficult for us especially when we saw how the Lord was taking care of our needs.

We did not move in any furniture . . . because there was none to be moved. And so we used newspapers as chairs and beds for

the first night. We called it our newspaper party!

The news that a Kinder was about to be opened spread quickly. And with joy we saw some families coming to inquire. You could imagine the facilities . . . because the actual classroom was not built yet. But it seemed that they did not mind a bit. They were so happy to see Sisters coming!

We started with EIGHT kids. And you may wonder, how come that in 25 years we have not built something bigger. There is a reason. Though we are Dominicans, and because of that, very interested in teaching, our group has remained doing precisely that, but in places where nobody likes to go. In places where the little kids are in great need of education and very few people seem to mind.

We are in Basilan, in Olutanga (do you know where this place is?) in Pasobolong (teaching the children of the Hansenites), in Bolong, in Zamboanga City and now, in Timor.

Today this area is full of kinders bigger and better than ours, but we still think that our presence makes a difference and so we go on with our work. We are so proud when we see that so many of our former students have become very successful and good citizens!!!

Though we have never mentioned these things to you, we think that today, on our 25th anniversary, you deserve an explanation. While we are trying our best with your children, we use the little money that we can get to help those who are not as privilege and blessed as yours are.

And so . . . from today on, you know that bringing your little ones here you are doing two good actions at one time: to give your son/daughter a good start in education and to help others to have an opportunity.

Your child can learn the easier way.

Learning can be painful. Especially if your child reads book that use tiny letters, difficult words, complicated and cumbersome indices.

As a specialist in education, Collier's knows children absorb knowledge faster and better when taught in a friendly and easy manner.

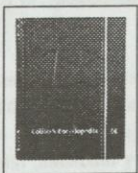

That's why Collier's is designed unlike traditional encyclopedias, with these unique features:

USER-FRIENDLY. It's the only one with an index volume containing over 450,000 index entries to help find information quickly. Acclaimed by the Kenneth F. Kister's concise guide to Best Encyclopedia and the American Library Association's booklist as easiest to use among large sets.*

EASY TO UNDERSTAND. Articles are written in everyday language and arranged so that children can find the information appropriate to their age.

MOST COMPREHENSIVE AND COMPLETE. 25,000 entries that cover just about every subject under the sun. All found within its 24 handsome volumes. Written by world-class experts in their fields, including Nobel and Pulitzer prize winners.

* 1988, October 1991 respectively

RICHLY ILLUSTRATED. Every picture tells a story. To that end, we've filled Collier's with 18,000 illustrations that enrich and clarify text. 4,000 of them in color.

UP-TO-DATE. All the latest in science and technology, medicine, information technology, economics, the arts, the politics, sports and others. Experts agree it's the most current among encyclopedias in its class.

EASY TO READ. Above all, Collier's is easy on the eyes. For better absorption of knowledge.

As you can see, we took pains in coming up with a learning tool your children can enjoy. Learning takes a whole lifetime. Why not make it easy on your children while they're still young? When they grow up, they'll thank you for it.

At St. Luke's, you've got first world health care close to you.

RIGHT here at home, one hospital is leading the way in providing the finest health care possible.

St. Luke's Medical Center. In 1991, the hospital was cited by the Asian Institute of Management and World Executive's Digest in their First Annual Management Awards as one of Asia's Outstanding Companies : "A spectacular growth that has not

come by accident, but by design : the product of thoughtful planning, bold opportunity-seeking, careful weighing of risks, and controlled execution ...".

But being good enough has never satisfied St. Luke's . Today, it leads the way with its various world-class health institutes, medical departments and pioneering centers ; the most advanced medical technology and equipment; ultramodern and progressive firsts in diagnostic and therapeutic advancement and highly specialized skills and training of its doctors, technicians, and nurses. Its top of the line equipment and facilities include the **Varian Clinac 2100C Linear Accelerator; Dual-Slice Spiral-Medical CT Scanner; Gamma Camera with SPECT; Magnetic Resonance Imaging; the Stone Treatment Center's Extracorporeal Shockwave Lithotripter; High Density Imaging Vascular Laboratory; Catheterization Laboratory/Digital Subtraction Angiography; RF Ablation for Electrophysiology; Evoked Potentials Studies and Electronystagmography.**

St. Luke's receives patients from around Asia and as far as Micronesia and the United States. With its mission to be recognized as the leader in South East Asia, it established "centers of excellence", exemplified by its **Heart Institute, Institute of Radiology, Institute of Pulmonary Medicine, Institute of Pathology, Institute of Ophthalmology, Institute for Neurosciences, Institute of Combined Endoscopy and Digestive Diseases , Institute of Orthopaedics and Sports Medicine and Cancer Institute.**

The perfect synergy of state-of-the-art technology and first-class human resources. In our country, St. Luke's Medical Center is at the forefront of world-class health care.

Acknowledgements

To all Parents, Alumni and Friends of Veritas Kindergarten who have been very supportive and cooperative in all the activities of the school we have had for the past 25 years and up to the present; the Missionary Dominican Sisters of the Rosary say, "THANK YOU". We acknowledge with gratitude all those who have trusted us their children.

We are specially grateful to the different committees of this 25th Anniversary celebration, particularly in the preparation of the Souvenir Program: To Dra. Lolita L. Martinez Halago, the P.T.A. President who have gone out of her appointments just to avail herself in the preparation of the whole affair, to Mr. Alexander Bautista, the very optimistic Chairman of the Souvenir Program who patiently have helped us arranged the layouts, with wife, Tess Bautista, who never got tired in reminding us of the communication-follow-up. To the Soriano family; Mr. Ferdinand and Dra. Felicitas Soriano, the Chairperson of Ways and Means, who also made their communication facilities available to us, but most of all our special Acknowledgement for their Loyalty to the school; all their six children have studied in Veritas. To Mr. Constancio Kitong and wife Vangie, the very efficient P.T.A. secretary who both were always ready to produce not just the minutes of meetings but also communication letters coming out almost an instant every time they were given a ring.

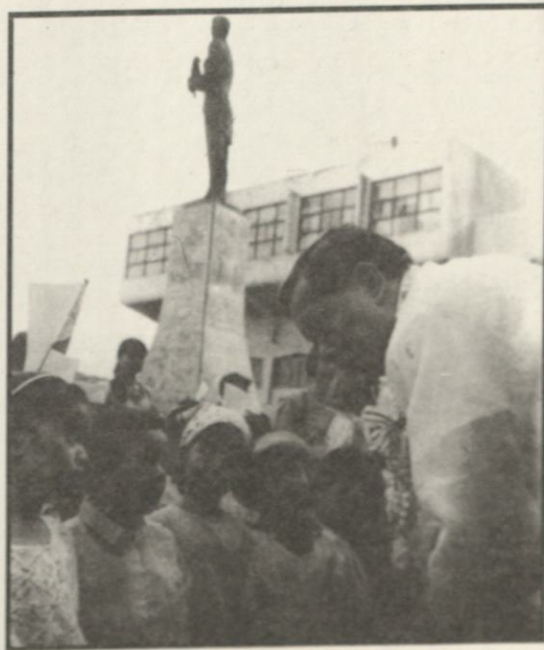

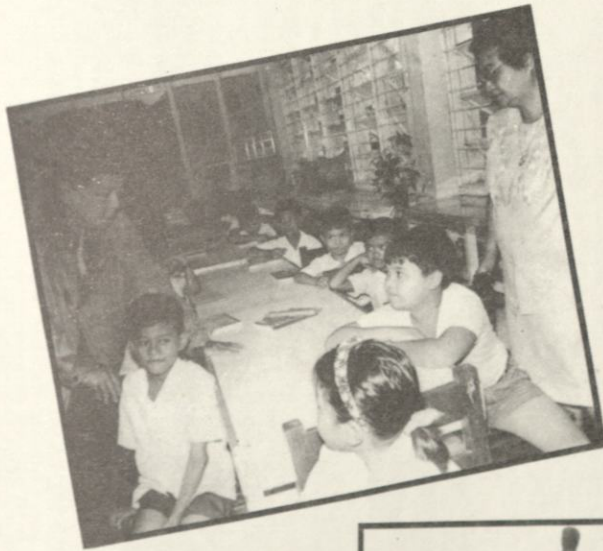

To Mr. & Mrs. Ed and Mari Glor Gosiengfiao for their service in providing the school with their Sound System. To the Mrs. Fe Esperanza Almacen & Tina de Guzman for favoring us in the closure of the portion of 11th street and for providing us the security through the Tanodbayan, and the Security Guards. For Dr. Ildefonso Martinez, Dr. & Dra. Cesar Martinez, Mr. & Mrs. Victor Albrando for their availability to us. For the many good people whose names are not mention here but who in one way or another have extended their helping hand to Veritas. "Muchas Gracias".

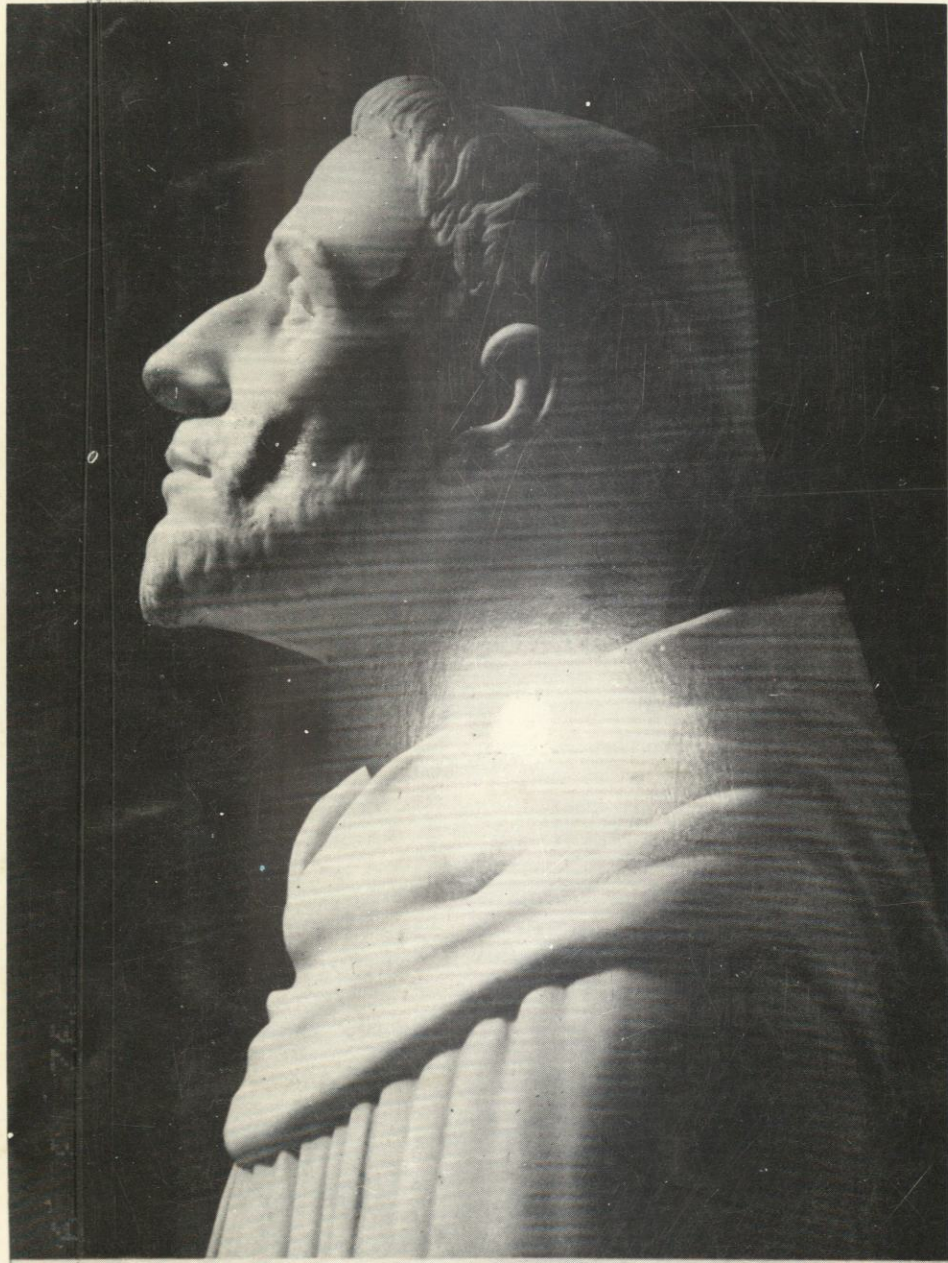

And most importantly, to all the Dominican Sisters Teachers in the past and in the present, let us thank one another's support. OUR MISSION IS NOT YET OVER!

Greetings from:
