More than 400,000 residents in Quezon City’s first district have directly benefited from various initiatives led by First District Representative Juan Carlos Atayde since 2022.

In his State of the District Address delivered at SM City North EDSA’s Skydome, Atayde highlighted his Aksyon Agad program, which he said has addressed the needs of his constituents in areas such as employment, education, health, youth development, disaster response and infrastructure.

Atayde reported that the Aksyon Agad program has provided employment to 11,498 individuals through the TUPAD program and helped 1,500 applicants secure overseas jobs via a Taiwan Job Fair. Additionally, 1,100 residents received training under the Technical Education and Skills Development Authority and other livelihood initiatives, while 245 small entrepreneurs received a P15,000 capital through the Sustainable Livelihood Program.
