Rodriguez, and Jhon Angelli "Sami" C. Neri

---

WHEREAS, Quezon City continues to strengthen its commitment to environmental sustainability and responsible waste management through various environmental policies and programs;

WHEREAS, the rapid growth in the use of electronic devices such as mobile phones, computers, appliances, and other gadgets has resulted in increasing amounts of electronic waste or e-waste;

WHEREAS, electronic waste contains hazardous materials such as heavy metals and chemicals which may pose risks to human health and the environment if not disposed of properly;

WHEREAS, batteries, including lithium-ion batteries commonly used in gadgets, power banks, and other devices, may pose environmental and fire hazards when improperly discarded;

WHEREAS, many residents may not have access to proper disposal channels for old gadgets, accessories, and used batteries, resulting in these items being mixed with regular household waste;

WHEREAS, establishing accessible e-waste and battery collection or take-back programs, in partnership with retailers, manufacturers, and community organizations, may significantly improve safe disposal practices and reduce environmental risks.

NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF QUEZON CITY IN REGULAR SESSION ASSEMBLED, to encourage, as it does hereby encourage, the establishment of electronic waste (e-waste) and battery collection or take-back programs in Quezon City to promote safe disposal and environmentally-responsible waste management.

RESOLVED FURTHER, that such initiatives may include the establishment of designated collection points, periodic e-waste and battery collection drives, and partnerships with retailers, manufacturers, recyclers, and community organizations to facilitate proper handling and recycling of electronic waste.

RESOLVED FINALLY, that copies of this Resolution be furnished to the Climate Change and Environmental Sustainability Department (CCESD), the Business Permits and Licensing Department (BPLD), barangays, and other concerned offices for their information and appropriate action.

ADOPTED: May 11, 2026.

CERTIFICATION

This is to certify that this Resolution was ADOPTED by the City Council on Second Reading on May 11, 2026 and was CONFIRMED on May 20, 2026.
